Dear Barker Families:

This message contains important information regarding the return of school district property as well as student pickup of personal belongings at the end of this academic year.

As previously stated, the last day of student instruction is Friday, June 12. Pickup and drop off of items will be held the following week and follow the procedures listed below.

Pickup and drop off will occur **on Monday, June 15 from 9:30 am to 12:00 pm** and **Tuesday June 16 from 3:00 – 5:30 pm** for all district students.

All personal belongings of students in Prek-6 will be available for pickup at the old middle school doors on the Haight Road side of the campus. Swimsuits that were left on campus will be put out on a table outside and parents can find the one that belongs to their child. They have all been cleaned.

All personal belongings of students in Grades 7-12 will be available for pickup at the high school gym entrance.

All students, PreK-12, who have Google Chromebooks, Hotspot devices, library books, textbooks or other items that belong to the school will be returned to the small gym doors. This is the same location where we handed out the technology items earlier in the year. This is on the Quaker Road side of campus.

** If you are picking up for multiple students, it may help move the process faster by bringing their names and grade levels written down on a piece of paper. Please do not leave your vehicle during this process, except for the swimsuit retrieval.

We understand that this may involve up to three different stops around the campus for families. However, it is important that we keep our materials organized as we handout belongings and recollect property.

Thank you all for your continued help and patience throughout this process.

Michael Carter
Principal, Barker Central School District
