2/18/2021

Dear Parents/Legal Guardians and Barker Learning Community,

The Barker Central School District has become aware of a Junior-Senior High School Student who has tested positive for COVID and was last present on 2/13/2021. Due to a high volume of current cases, the Niagara County Department of Health has not confirmed this case with the District and has not begun contact tracing. The affected individual is already in self-quarantine and will remain so until they are released by the Department of Health.

After discussion with the Department of Health and pursuant to known contact tracing and guidelines for high risk sports, there is no risk of exposure within the school but the Girls Junior Varsity Basketball team will pause activities until Wednesday, February 24, 2021. Any individuals who might have been exposed outside of the school will be notified by the NCDoh and will be quarantined if appropriate. The infected individual will follow all NCDoh protocols and will return to the building when allowed. We will continue to monitor the situation and work with health officials to determine whether there is a need for further actions. If additional measures are necessary, parents/legal guardians will be notified as soon as possible.

As always, if your student experiences any symptoms, please see a medical provider and keep your student at home until allowed to return.

Please respect the privacy of any individual in our learning community who tests positive for the virus.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Reimer", is written over a horizontal line.

Jacob L. Reimer
Superintendent
