Dear Parents/Legal Guardians and Barker Learning Community,

As you know from communications yesterday, the district implemented an action within the School Safety Plan called a hold in place. This was done after a concern was brought to the attention of school staff who immediately began to investigate a student disciplinary matter. The matter was quickly investigated and assessed by school staff and law enforcement, and it was determined based upon the facts presented that no additional responses were required at that time. As such, school operations returned to normal within an hour. We will continue to address the concern brought to our attention through the student discipline process per the Student Code of Conduct and as otherwise appropriate.

The safety of your children, our staff, and the greater community is our main priority and we will continue to utilize all our resources to maintain the safest environment possible. This will include, but is not limited to, continuing to conduct required drills and trainings related to school safety throughout the rest of the school year and provide other appropriate education related to school safety.

We know that any situation related to the safety of your children will always be a concern and we encourage you to contact us at any time if you have any questions or needs related to anything going on within the District.

Sincerely,

A handwritten signature in blue ink, appearing to be "J. Reimer", written over a light blue horizontal line.

Jacob L. Reimer
Superintendent
