Parents of Seniors:

With the rising costs of attending college and other post-secondary schools, financial aid has become more relied upon than ever. To help students and parents through the confusing maze of financial aid, the Barker Guidance Office is sponsoring Financial Aid Night for students and parents. Mr. James Trimboli, Director of Financial Aid at Niagara County Community College will be presenting.

Mr. Trimboli will spend considerable time walking parents through the Federal Aid Application (FAFSA), New York Tuition Assistance Program (TAP) and various types of student loans (subsidized and unsubsidized). Mr. Trimboli and I will be available to answer individual questions at the end of the presentation.
