My hard worker for the month of May is Adalyn Snell. Addie is the perfect choice for the trait encouraging. She is always positive toward her classmates especially during the school closure. She gets on Flipgrid and gives her classmates positive feedback with videos. Her words are always kind and her feedback is specific. Kids have also shared some of the things that they have done on Google Classroom and she leaves them positive comments. She even encourages her teachers! She is constantly telling me that she loves assignments or that they were fun. She has the most positive attitude.

JUNE: Responsible

Ely Smith has come a long way this year in 5th grade! We are SO PROUD of him! During these last couple of months, doing distance learning, Ely has been showing a LOT of responsibility! He participated in all of our zoom meetings, worked very hard to understand how to navigate google classroom and make sure all his assignments were turned in and done well. It's hard to continue doing school from home but Ely showed a great deal of RESPONSIBILITY during this time!

Great Job Ely!

Barbara Jary, Sixth Grade

Throughout this school year, the 6th grade teachers have stressed the importance of always being "responsible". Barbara has demonstrated this throughout this year while we were in school and especially since we have gone to online learning. She consistently has her work done and puts forth her best effort on each and every assignment. She actively participates in class and is willing to help others when needed. It has been a true pleasure having Barbara in our classes and we know that she will continue her responsible ways as she moves on to 7th grade.
