Action Steps	Parties Responsible	Measures & Evidence
Provide personal learning experiences that are uniquely designed to the individual.	Administration, Staff & Students	Learning plans will be created with each student that allow students to gain greater control over their learning. Students will be surveyed annually to determine their perception of personal engagement and the effects of this on their learning. Work toward 100% satisfaction of personalized learning experiences per the selected survey by end of five years.
Use assessment and data to drive informed changes to curriculum and teaching practices.	Administration & Staff	Review individual staff and student assessment data on a longitudinal basis and develop analyses of data to inform future changes. Various new data sets will be created and utilized in future planning. Increase passing and/or mastery percentages by 15% by end of five years.
Create a robust learning curriculum that prepares each student for their greatest achievement.	Administration & Staff	We will create curriculum maps that are aligned to the newest standards of achievement set by New York State for each subject area by June 2020.
Ensure all teachers are provided quality opportunities for professional development to meet the needs of 21 st century students.	Administration & Staff	District and New York State Education Department required hours of professional development will be tracked.
